| LuMatt Enterprises, LLC DBA New Wave Products | California | USA | Lewis Matthews | Owner/Inventor/Supplier | Newwavep@outlook.com; | 678-524-2436 | Although, we're a startup company the owner has years of experience as a Finder putting together deals when no one else can. We could have your request for products fulfilled in a timely fashion as we currently have \$5 million financing from the second largest purchase order company in the United States. Thank you for this opportunity! thank you for your time, please stay safe! Truly look forward to doing business and helping our vast community in this time of great need... I would love to be an advocate to assist you in the near future! Have the rest of a super great day | I'm a big box supplier which have manufacturers in China and a personal relationship with the owner of a textile manufacturer in Pakistan who makes products for billion dollar corporations here in the US-All will provide whatever products you may need provided the C virus will not hold up orders. I've been in touch with my manufactures regarding other requested medical items, like foldable Crutches, foldable canes with SOS alarms and flashlight- I'm ordering now for a Doctor who'd like 150 foldable walking canes. Most of them are back to work now, so I strongly believe we can fill any order at your convenience for the requested quantities. |
| The Last US Bag Company | Washington | USA | William Macia | President | will@lastusbag.com; | 360-993-2247 | Rapid response Cut & Sew Facility | |
| SofStop & Ward's Awning Co. | North Carolina | USA | John Ruby | President | www.sofstop@yahoo.com; | 765-649-2060 | We are a small family business that would be willing to help in whatever capacity we can. We have been in business since 1941. | We manufacture protective padding for many applications (company - SofStop). We also manufacture bed enclosures for autistic children. We are currently not manufacturing anything in the medical field, but would be willing to learn. Of all the items I have checked above, I believe body bags/transport bags would be the closest product to what we currently manufacture. We would also be able to sew anything with our industrial sewing machines. |
